School Board.

At the monthly meeting of the City School Board held last night there were present Capt. Herbert Bryant, chairman, present Capt. Herbert Bryant, chairman, and Messrs. Thompson, Stabler, Yates, Thomson, Jones, Carne, Harrison, Fannon, Dr. Sm.th and the Superintendent. The Superintendent reported that Messrs. Stabler, Fannon and Dr. Smith, recently pleatest funders by the City Council, but elected trustees by the City Council, had duly qualified.

Mr. Fannon was appointed on the committee on schoolhouses and furniture and Dr. Smith on the committee on complaints and grievances. The resignations of Messrs. J. T. Harrison and Henry Strauss as members of the board to take effect September 1st (they hav-ing been elected members of the City Council), were received and accepted with regret and the thanks of the board were extended to Messrs. Harrison and Strauss for the faithful performance of their duties as school trustees.

The treasurer's annual report of the receipts and expenditures of the board, accompanied by the proper vouchers, was presented by the Superintendent, who stated that the accounts had been examined by the finance committee and found to be correct. The report was ac-cepted and the clerk was directed to certify to the correctness of the same to the proper authorities in Richmond.

The clerk then submitted his annual

report of the receipts and expenses of the board, showing receipt of \$23,337.18 and expenditure \$23,376.21 (including \$820,09 due from last year), and leav-ing a balance on hand of 87 cents, and the report was received and accepted.

The finance committee presented the following report:

following report:

To the City School Board:—
Your committee, appointed at the July meeting to look into the matter of salaries, the length of the school session, &c., report that, with the appropriations made for the year, if no changes are made in the present salaries, the schools, with strict economy, can be run for nine and a half months, which is one-half month longer than the public schools in any other city in the State are kept open, so far as we are able to ascertain.

Your committee make no recommendation as to salaries, leaving that matter to the full board.

oard.
Your committee recommend that in cases
there practicable schools be consolidated.
T. M. JONES,
A. H. THOMSON,
Fir ance Committee.

Mr. Thomson stated that the estimate of expenses was based on the last year's report and that if the schools were conducted economically the board would

come out about even next year.

Mr. Harrison stated that the school buildings needed considerable repairs; the roofs of the colored school buildings needed renewing or repairing; money was needed to make the proper openings for the fire escapes at Peabody building; the buildings needed whitewashing and repairs to the plastering and Washington building needed repainting-in al fully \$1,000 was need for such work.

This, it was stated, was double the estimate for repair work for the next year. Dr. Smith asked the Superintendent if Alexandria was the only city in the State where the schools were run for ten months and was answered in the affirma-

He thought that nine months of rigid discipline and study was ample if the health of the pupils was taken into con-

sideration. The Superintendent stated that if he followed the rule of adding \$5 per month to each of the teachers who draw a sal-ary of \$50 or under, who had passed the examination, severn teachers would be entitled to receive this increase this for 60 days.

several members thought a nine and by Officers Nic a half months' session would leave too charged with assaulting Madora small a margin in the finances.

In view of the statement made by the finance committee Dr. Smith offered a resolution making the school term of 1904-5 nine months. The resolution was adopted and the time of the term was fixed from the middle of September to the middle of June. Mr. Carne offered the following which

was adopted

Resolved, That the teachers be elected for the school term beginning the middle of September and continuing nine months. Be it further resolved, That the board reserves the privilege of dispensing with the services of any teacher during such period.

The election of teachers coming up the Superintendent placed in nomination

all the present teachers.

The applications of Miss Elizabeth W. King, of Alexandria; Miss A. E. Haner, of Baltimore county, Md.; Miss C. Alda Reynolds, of McGaheysville, and Miss Annie W. Gresham, of Herndon, for positions as teachers were presented and-

A suggestion having been made concerning the consiolidation of some of the colored schools because of a falling off in attendance, the Superintendent stated that a colored league composed of preachers and others had been organized and would make a house to house canvas to induce colored parents to send their children to school.

Dr. Smith thought this would have only the effect of securing positions for more colored teachers and questioned the desirability of drumming up colored children for an enforced education. The present teachers were all reelected

and the names of those making appli-cation for teachers, positions were ordered

to be placed on file.

The Superintendent was authorized to appoint any competent persons as substitute teachers.

The present janitors were reelected with the understanding that during the recess the janitors of Peabody and Washington buildings should look after Hallowell and Seaton buildings, respec-

When placed on trial he concluded to plead guilty as charged, in the hope that he would receive a shorter the hope that he would receive a shorter that he would re arrested a few days ago by Officer Knight charged with the unlawful sale of co-caine, was called in the Police Court this morning. The accused was represented by Mr. L. H. Machen, who mov ed that the warrant against Entwisle be quashed, alleging that the law of the city under which it was issued was null and void, as it was inconsistent with the act of the General Assembly. Mr. Machen called attention to the fact that no city could pass an ordinance inconsistent with the constitution of the State, the laws of the legislature, or those of innocence and ask for a pardon.
